

# Photography, Filming and Fundraising

Draw line through incorrect responses:

I,....., the applicant/ representative of the applicant  
....., hereby consent to/ decline to give consent for photographs/  
footage/ both to be taken of my dog/ myself/ both during training or at other IADA events.

**Uses of images and video:**

- |   |                                  |                               |
|---|----------------------------------|-------------------------------|
| As updates on IADA's social media pages     | Consent <input type="checkbox"/> | Deny <input type="checkbox"/> |
| On leaflets/ posters/ promotional materials | Consent <input type="checkbox"/> | Deny <input type="checkbox"/> |
| In video compilations/ campaigns            | Consent <input type="checkbox"/> | Deny <input type="checkbox"/> |

I acknowledge that I must still provide a portrait of myself, my dog (if applicable), and my dog and myself together for our identification cards, regardless of other photography consent or declination.

I acknowledge that there may be instances during training or assessments when my dog needs to be filmed or photographed, but that these images will not be used in further materials if I have declined consent for this.

I acknowledge that I am not required to fundraise for IADA in any way. Sometimes there may be instances when a trainer decides to charge fee, but I understand that IADA will try to pay these from charity funds first, and that any charges in this instance are not being levied by IADA.

The only charges from IADA come after full qualification of the partnership, for £10 once yearly, to contribute to admin overheads.
